Professional Summary

Motivated and detail-oriented fresher with a strong foundation in Artificial Intelligence, Machine Learning, and Python programming. Skilled in data analysis, model development, and problem-solving with knowledge of libraries such as NumPy, Pandas, Scikit-learn, and TensorFlow. Passionate about building intelligent solutions and eager to apply technical skills in real-world projects while continuously learning emerging AI technologies.

Technical Skills

Languages: Python, SQL, HTML, CSS | Libraries: NumPy, Pandas, Matplotlib, Seaborn | Frameworks: Streamlit, FastAPI, Tkinter | ML: Machine Learning, Scikit-learn | Database: SQLite | Tools: Git, GitHub, REST API, JSON | Concepts: Object-Oriented Programming (OOP), Data Analysis, Data Visualization

Education

Master of Computer Applications (MCA)

Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib
Current CGPA: 8.7/10

July 2024 – May 2026

Bachelor of Science (Hons.) in Mathematics

Sri Guru Teg Bahadur Khalsa College, Sri Anandpur Sahib
Percentage: 84 %

July 2021 – May 2024

AI/ML & Python Developer Intern | Cyber Core Technologies (Present)

- Developed machine learning applications using Python, Scikit-learn, Pandas, NumPy, Streamlit, and SQLite.
- Built backend APIs with FastAPI and integrated ML models into web applications.
- Improved application performance through testing, debugging, and code optimization.

Projects

Smart Healthcare Management & Prediction System

Developed an AI-powered healthcare web application using Python, Streamlit, FastAPI, and SQLite to predict heart disease risk and analyze fitness levels using machine learning models.

AI Chatbot

Developed an AI-powered chatbot using Python, Streamlit, and Google Gemini API with real-time conversational capabilities and secure session management.([AI Chatbot · Streamlit](#))

Student Management System

Developed a Python-based Student Management System with CRUD operations and JSON-based data storage for efficient student record management.

Certificates

- International Conference on Artificial Intelligence & Machine Learning, SGTB Khalsa College (2023)
- Career Management Essentials – IBM SkillsBuild (2025)
- Web Development Fundamentals – IBM SkillsBuild (2025)
